

Factory Royale Instructions:

-Game:

WASD standard movement;

Left click on factories and buttons;

-App:

Touch buttons;

-Objective:

You should aim to improve your factories in the game and expand your company by buying other companies' factories. You can also talk to the journalist by colliding with him, this will take you to his shop where you can buy information from the other factories that are not owned by you.

Open the server with Mamp with the php folders inside the "FactoryRoyale" folder that is in the "htdocs" folder of Mamp.
